Interesting from Mexico.

A Visit to President Juarez—His Appearance and Character.

[Correspondence of the Chicago Republican.]

EL PASO, MEXICO, August 25, 1865.—I
wrote you last week that Juarez had reached
El Paso. On Saturday, last, as I was
paying my respects to the Consul of what is
now left of our sister republic, I went in
company with some American gentlemen,
military and civil. We called at the house
of a Mexican acquaintance in El Paso, who
speaks English well, and was to have
presented to me, and to the Consul, a
quantity of foreign affairs. I think it was
of foreign affairs (I think it was) a
guest at the house of our Mexican friend,
and he spoke just sufficient English to give
us to understand that he would have to make a
reply; but nothing is said to him, and therefore
he says nothing, thus allowing his
name to be used by "the party." This is
a very small evasion.

A Mexican, the son of an old
obliged dealer of Potosi, who passes himself off
in Mexico as "Count Fimont, Prince
of Antioch," editor-in-chief of the European
Correspondence at Vienna," has been admitted
as a member of the colored Methodist Church of this
city, and has a position as a teacher and
superintendent with the African Methodist
Church. Their reasons for this step were
first, because in their present position all
the officers of the church, such as trustees,
etc., are white men, and the houses of worship
themselves are built by the colored people.
It is not possible for any colored man to
get to get at their greenbacks than any
white man could. The colored trustees,
who could at any time take possession
of them; and secondly, because they
have at present no actual representative
in the Conferences, nor even having a
vote in the same.

The African Church has its own Confer-
ence, as well as an independent church
organization. Of course the action of last
Saturday evening referred to above, was
entirely proper and the course of the
Mali with regard to it only goes to show
how much care those Southern churchmen
put to put the Freedmen in a false light
for the country.

This morning the Mali graciously admits in
its columns the following correction to

GENERAL ITEMS.

The Clove Foot.
The following is the Jackson, Miss., cor-
respondent of the Cincinnati Commercial:
The Mail, of this city, which by the way,
is the Executive organ and does the printing
for the Constitutional Convention, came
out in its issue of the 12th with the following
bit of bluster:

THE CHRISTIANS OF AMERICA.—Dear
Brethren: A convention of evangelical
Christians will be held in the city of Cleve-
land at ten o'clock on Monday, September
27, to organize a National Society
for Evangelization—a Christian Com-
mission for the masses—to carry the religion
of Jesus, in all its saving efficacy,
especially in the great cities and in the
country. The correspondence and consulta-
tion have led to the assurance that the ne-
cessity of greater activity in the direction
indicated is painfully felt. We have fallen
away from the simplicity and entire consecra-
tion of the early Christians, and our
churches are in a state of indolence, and even
churches a missionary society. It is simply
proposed that earnest Christians, whose
hearts burn with love and zeal, join hands
and do, and promote this comprehensive
work of direct evangelization for which the
present Christians lived, suffered, and died.
The plan proposed is simple, and it is
practicable.

Churches, city missionary, and tract
societies, young men's christian societies,
and kindred organizations, are required
to appoint a delegate to the national con-
vention, who will be designated.

Where organizations that will appoint delegates do not exist,
pastors and brethren, few or many, are
requested to meet and name some two or
more of their number as delegates. And
all interested are invited to attend and take
part in the meeting, whether appointed as
delegates or not.

It is suggested that delegates come prepared
to report the names of such as will
heartily co-operate.

Looking for guidance to the giver of all
wisdom, after consulting their will, will
be the motto for the promotion of his glory
and the saving of souls.

We are, dear brethren,

Yours in Christian love,

Francis Wayland, Rhode Island; Matthew
Stevens, New Haven, Conn.; George W. Hinman,
Stephen H. Tyng, T. D. Anderson, H. L.
Ward Beecher, James Eads, W. L. Caldwell,
Theodore L. Cuyler, New York; and
nearly a hundred others in various
States of the Union.

MONTGOMERY, ALA., Sept. 12, 1865.
Mr. EDITOR.—Under the caption "The
Irreconcileable Controversy" of yesterday
morning, illustrating its usual hostility to
us as a people, contains the statement that
the congregation at "the negro church in
this city" voted, on the last Sabbath, that
"they were in favor of being governed by
men of their own color;" implying that they
were unwilling to be governed by the law-
fully constituted authorities of the State or
nation.

It is stated that Lucius Robinson, the
present Colonel of the Mali, would decline the
Democratic nomination if formally tendered
to him so that he would have to make a
reply; but nothing is said to him, and therefore
he says nothing, thus allowing his name to be used
by "the party." This is a very small evasion.

NEW YORK, Sept. 25.—Gen. Terry, commander of the Department of the Virginia, has just given the people of that State a very forcible reminder that martial law still prevails there by issuing special provisions for royal property-holders to recover their property confiscated by the rebel government, and by putting a stop to all legal proceedings instituted against national officers for acts done in the performance of their official duties.

Heretofore, with martial law continuing to prevail, the General announced that any person connected with the institution of some of this character will be arrested.

A meeting of the Board of Regents of the Military Institute at Lexington was held on Thursday evening. Col. George W. Lee, and formerly a member of Jeff Davis's staff, was elected to the professorship of applied mechanics and military and civil engineering, and Major Blair, another rebel ex-officer, was chosen professor of natural philosophy.

A correspondent at St. Albans, Vermont, on Herold, contradicts a report which has been generally circulated, to the effect that the people of that place have refused them by the Canadian authorities all money stolen from them on the 19th of last October. The rebels claimed that the total amount stolen was over \$20,000, and that of this only \$9,000 have been recovered by the Canadians.

It is said that Secretary Seward has made a demand on the British Government for the return of the \$20,000. The ground on which the raid took place is that the Canadian officials were aware that it was contemplated, and that they assisted the scoundrels in making their escape, and threw all possible obstacles in the way of their arrest and punishment. The correspondence complains of the bad faith generally of the Canadian Government in the matter.

The difficulty arising out of the arrest of Prussia's Germans who had become American citizens for the non-performance of the military service required by the Prussian law continues to excite attention in that country.

You Bismarck's organ declares that the Constitution imperatively requires every subject of Prussia to perform military duty, and cannot be altered at pleasure by the emperor.

Assuming this statement to be correct, the only way to relieve naturalized Americans from the obligations which they are considered to be under toward the land of their birth, would be the conclusion of a treaty between the two countries, or a general peace.

The Herald of Prussia's Germans who had been released from the compulsory military service to which they are subject, but only after a great deal of trouble and out of special regard for the United States Government on their representations, and now in virtue of their rights as Americans.

The Herald's correspondent believes that if a convention to this effect were submitted to the Prussian Legislature it would be passed by an immense majority, and the two powers are extremely desirous of coming on friendly terms with the great Trans-Atlantic Republic.

Comptroller Brannon's reply to the charges against him pending before Governor Fenton is published. It answers in detail the various charges, and challenges the whole of the Black testimonial to the clearing contracts, the judgments, pay rolls and other claims. The reply is full, emphatic, and unqualified in its detail of all the speculations and charges.

In the trial between the Winoski and Alzona, the latter last night was considerably ahead. The interest in the race is increasing greatly.

The 3d New York provisional cavalry regiment, which is composed of the old 14th and 16th New York cavalry, arrived in the city yesterday, and will have a formal reception and parade this forenoon. It was a portion of this regiment that rendered such efficient service in the capture of Wilkes Booth, and it belonged to Boston Corr, who shot the assassin.

Members of the City Council and Heads of the various departments have arrived in this city yesterday, and our visitors have come to-day for Philadelphia.

A special to the Times, dated Washington 24th, says: The Secretary of the Treasury and the Committee of Internal Revenue have now their corporation in regular, which will be directed to the Government Tax Collectors, with a view of relieving the holders of cotton in the Southern States.

It is found that these cotton holders are generally ready to make the money required by the immense tax, and required by the act of July 2, 1861, to be paid before shipment to the Government agent in the nearest locality or district in which the cotton may be found, and it is also found to be impracticable, and sometimes impossible, for the cotton owners to come North and obtain the requisite funds by hypothecating their staple.

DETROIT, Sept. 25.—The Cuyahoga River was rising very slowly yesterday with barely 2 inches at the head of the falls, and 6 inches at Portland, in 24 hours, with 7 feet 5 inches water in the canal. The weather was cloudy and cool; light rain in the forenoon and a thunder-storm in the afternoon.

On the 24th the elevation of the water was 5 feet 5 inches down the pass of the Indian chute.

The Lady Franklin and Anglo Saxon descended the falls in the morning.

At Cincinnati at noon yesterday the river had risen 21 inches in the previous 48 hours.
